

## *Linking Project - National Agency – European Commission*

- *National Agency: reflects on the results of the project + usefulness for national strategy*
- *National Agency: send this this package to the EC + their own recommendations for the European strategy.*
- *EC reflects on them and will say what is useful or not.*

*The EC had to promote the personal certification of teachers in Vocational Education and Training and Higher Education for quality reasons.*

*A national-wide guidance structure is needed to empower youngsters having negative experiences and lacking self-confidence*
